The Spider Nature Explorer is written in a simple and easy to understand language. Suitable for all faiths and aligned to the Cambridge and CAPS curriculum, making it ideal for home schools. There are multiple choice questions, speech assignments, practical field work activities, presentation assignments and fun puzzles. It has been written to be used while on holiday in a national park or game reserve, or at home in your back garden. Visit www.Scorpions.co.za/nature-explorer for free downloads.
