# Fred The Friendly Spider

[www.scorpions.co.za](http://www.scorpions.co.za)

There once was a spider named Fred,  
Who lived in a web in my shed.  
He was such a nice guy,  
He never said “bye”,  
And he always let me pet his head.

One day I saw Fred eating a fly,  
And I was a little bit shy.  
But Fred said, “Don’t worry,  
It’s just lunch for me,  
And I’ll never eat you, not even a try.”

So I became friends with Fred the spider,  
And we would talk every day.  
He told me all about his web,  
And how he caught his food,  
And how he was a very friendly guy.

I'm glad I met Fred the spider,  
He's a great friend to have.  
He's always there to listen,  
And he never makes me feel bad.  
So if you ever see a spider,  
Don't be afraid,  
They might just be a friendly spider like Fred.
