

**“Until we can comprehend that all aspects of the natural environment add value, our actions will have grave consequences and we will never understand our position in nature.”**

**Jonathan Leeming**

**Scorpions Of Southern Africa**  
by Jonathan Leeming

The 2003 edition of Scorpions of Southern Africa heralded a new era in scorpion conservation, understanding and appreciation. In 2019, I'm proud to announce my latest revision of Scorpions of Southern Africa which will continue to inspire and educate. Available at your local bookshop or online retailer.
