

“It seems like those individuals who are least qualified to assess an animals value and right for existence, are the same people who make unjustified claims regarding the dangers that they pose.”

Jonathan Leeming

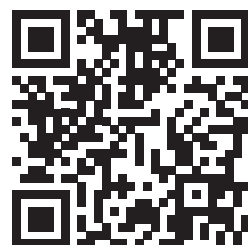

Scorpions Of Southern Africa by Jonathan Leeming

The 2003 edition of Scorpions of Southern Africa heralded a new era in scorpion conservation, understanding and appreciation. In 2019, I'm proud to announce my latest revision of Scorpions of Southern Africa which will continue to inspire and educate. Available at your local bookshop or online retailer.
